Broadcast® Signholder Collection - Innovative and Economical Signholder Solutions

The IVC **Broadcast®** System is as inexpensive as metal, but offers greater adaptability, visual appeal and durability. Manufactured from state-of-the-art High-Impact Polystyrene Resin. The **Broadcast®** System does not loosen up in use, bow, rust or tarnish, bend or craze. Exceptionally sturdy and stable, yet easy to move, our system lasts longer. It's the cost effective choice.

Broadcast®

Crystal Image® Signholder Collection - If you think all Signholders are alike, think again.

Designed in Polycarbonate, injection molded to exacting mechanical and aesthetic specifications, **Crystal Image®** stands the test of time. Unlike fabricated look-alikes **Crystal Image®** does not shatter, break, chip, or crack under normal usage conditions or stress. **Crystal Image®** signholders are flawless, no sink marks, no ejection pin marks, no witness lines. With **Crystal Image®** your sales message always shines through.
